Yerlan Aubakirov

React Native / Front-End Developer

Astana, Kazakhstan · Open to Relocation & Remote · +7 (700) 651-10-43 · yerlanaubakirovvv@gmail.com · github.com/scientifictooffi · linkedin.com/in/tadamsk

React Native developer with 1+ year of production experience building a live-commerce marketplace used by 5,000+ active users. Shipped payment integration (EPAY), real-time streaming and chat, and performance optimizations that cut screen load time by 20%. Strong product background from prior project-management roles; focused on shipping stable, user-facing mobile features fast.

EXPERIENCE

SoftSale — React Native Developer Astana · May 2025 – Present

FBSM Live — live-commerce marketplace for Fashion Brand Square (South Korean holding)

- Develop core marketplace features in React Native + TypeScript for iOS and Android, serving 5,000+ active users.
- Integrated the EPAY online payment system, enabling secure in-app transactions end to end.
- Built real-time live streaming and chat, increasing user engagement during sales events by 30%.
- Optimized API requests and caching, reducing average screen load time by 20%.

ADAM MEDIA — Project Manager Astana · Jan 2025 – Mar 2025

- Delivered MAMAN FEST 2025, a national-scale exhibition and job fair attended by the President of Kazakhstan.
- Secured participation of 130+ companies and ran hackathons to attract young tech talent.

TrainAut — Project Manager Astana · Jun 2021 – Feb 2022

- Led development and testing of a mobile app for parents of children with autism, from roadmap to release.
- Designed the UI, integrated third-party SDKs, and ran email / Facebook / Google Ads campaigns to grow visibility.

Business Training “Bolashaq” — Volunteer Coordinator Astana · Jun 2022 – Aug 2022

- Coordinated volunteers and event logistics; prepared training materials for workshops and seminars.
